

# Baleaf Stretchy UPF 50+ High-Rise Short 9" – Women's Gear Review

## Overview

The Baleaf Stretchy UPF 50+ High-Rise Short 9" is designed for women seeking affordable, lightweight, sun-protective shorts for hiking, walking, travel, fitness, and everyday outdoor use. The high-rise waistband, knee-length coverage, and stretchy performance fabric make it a versatile option for active lifestyles.

## Weight

- Baleaf does not publish an official garment weight.
- Based on fabric composition and comparable 9-inch performance shorts, estimated weight is approximately **170–200 g (6.0–7.1 oz)** depending on size.

## Key Specifications

- UPF 50+ sun protection
- 9-inch inseam
- High-rise waistband with drawcord
- Stretchy lightweight performance fabric
- Moisture-wicking and quick-drying construction
- Two side pockets plus rear zippered pocket
- Best Uses: Hiking, walking, travel, fitness, casual wear

## Comfort & Fit

The high-rise waistband offers comfortable support and light tummy control while the stretch fabric allows unrestricted movement. The 9-inch inseam provides additional thigh coverage and helps reduce chafing during long walks and hikes.

## Trail Performance

The quick-drying fabric and UPF 50+ protection make these shorts particularly suitable for warm-weather hiking and travel. The longer inseam is appreciated by users who prefer more coverage than traditional hiking shorts provide.

## Breathability

The lightweight fabric manages moisture effectively and dries quickly after perspiration or light rain exposure. Ventilation and stretch contribute to comfort during hot-weather activities.

## Pocket Design

Two side pockets and a rear zippered pocket provide secure storage for a phone, keys, cards, and other small essentials while maintaining a streamlined fit.

## Pros

- UPF 50+ sun protection
- Comfortable high-rise waistband
- Longer 9-inch inseam coverage
- Quick-drying stretch fabric
- Useful pocket layout
- Excellent value

## Cons

- Official weight not published
- Less durable than premium hiking shorts
- Limited technical mountain-specific features

## Best For

Women seeking comfortable, affordable hiking shorts with sun protection and additional coverage for hiking, travel, walking, and everyday outdoor use.

**Editor's Rating: 8.9 / 10**

The Baleaf Stretchy UPF 50+ High-Rise Short 9" offers impressive comfort, coverage, and value. While it lacks some of the premium materials found in higher-end hiking shorts, it performs exceptionally well for casual hiking, travel, and warm-weather outdoor adventures.
